

Porches are prominent features on a dwelling and should be in scale with the building. An enclosed porch is often too large and an open porch is an acceptable alternative.

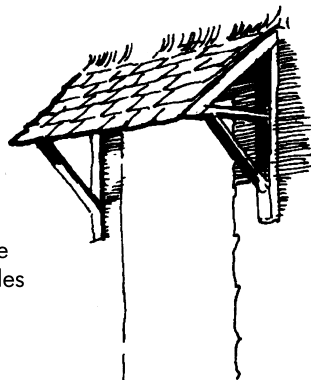

SCALE - avoid too big a porch

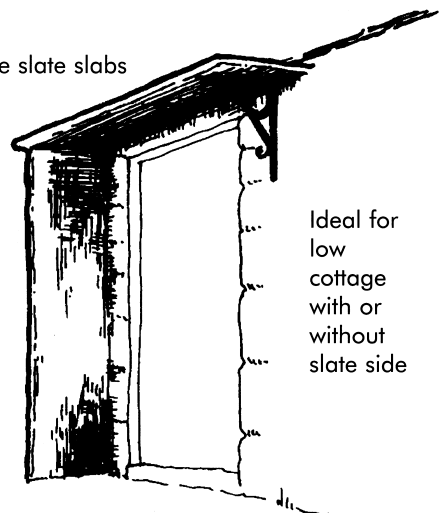

Small slates

Alternative timber sides

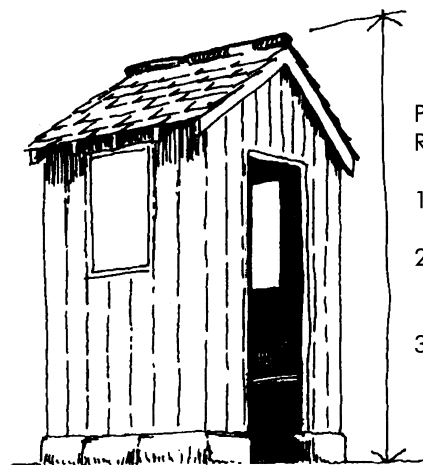

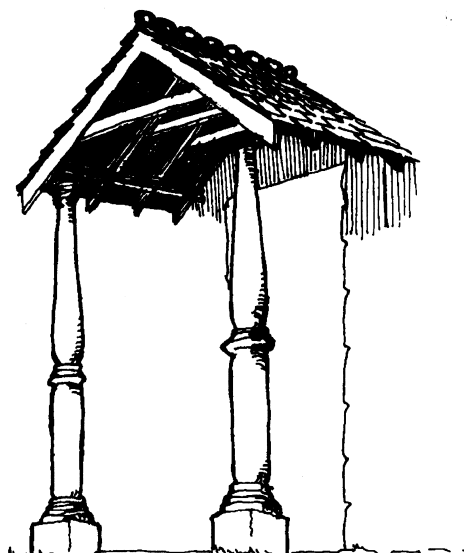

Stone plinth

Single slate slabs

Ideal for low cottage with or without slate side

PLANNING PERMISSION REQUIRED IF -

1. Higher than 3m or
2. Ground area, measured externally, exceeds 3m² or
3. Any part is nearer than 2m to a highway
